Art Exhibition and Sale

This collection of Paintings, placed on exhibition by M. B. Mihan, is undoubtedly one of the best to be shown in Honolulu. It embodies works of such celebrated American artists as Wm. Keith, A. H. Wyant, Geo. Innes, R. A. Blakeslock, also a few works of the old European masters such as David Tennier, Attilio Piambo and C. Van Den Broeck.

There are several beautiful water colors by English artists, notably G. Ramer, H. E. Walters, T. S. Stamm and Harry Carleton.

Harry Carleton is a celebrated painter of architectural subjects and in this collection has produced, in wonderful detail and color, the older cathedrals of Northern France and Belgium—most of these cathedrals now are in ruins. These canvasses are shown in our windows.

The public is cordially invited to visit and inspect this unusual exhibit.

SAY PASSENGERS WILL BE GIVEN ALL FACILITIES

Hawaii's need for passenger accommodations of such character as will not interfere with the nation's shipping necessities will be brought before Washington authorities in concrete form by business interests of Hawaii, according to tentative plans discussed yesterday at a luncheon at the Young Hotel at which Manager Stinson was host. The guests included businessmen informally gathered together and representatives of promotion activities.

That Hawaii will not suffer for lack of such accommodations, and that means will be found to guarantee plenty of cabins for tourists was the gist of opinion. While the nation's prior call on vessels was recognized, it was also felt that arrangements can be made to secure space so that the winter's traffic will be well taken care of. No definite scheme of action was arrived at. Other discussions will follow.

GAHU-BUILT SCHOONER IS FINALLY LAUNCHED

At high tide this morning the schooner Puck, built in the Ala Moana shipyard, was pulled into the stream by the Elizabeth of the Oahu Shipping Co. The Puck was completed nearly two weeks ago, but there was delay in launching the ship after her christening, as it was desired to wait for favorable weather. Despite a southerly swell the new schooner was taken over the reef without trouble this morning. An application will now be made at the customs office for the registering of the vessel.

DUTCH STEAMER HAS BIG IRON-STEEL CARGO

Heavily loaded with iron and steel, the Dutch steamer Ophir is in port from San Francisco with 346 bags of mail. Due to the heavy cargo, the steamer was far down in the water and several inches over the freight line.

Shipment of the big steel and iron cargo to Japan, where it is all consigned, is taken to indicate that the embargo on such exports to the Orient has virtually been suspended, although no public statement to this effect has been made since the return of the Ishii mission to Tokyo.

There are only 18 cabin passengers aboard the Ophir, many of them Dutch merchants of the Far East.

HARBOR NOTES

Princess Tatiana, second daughter of the deposed Czar of Russia, is expected to pass through Honolulu on the next T. K. K. liner.

Congestion of the territorial wharves during the past week has been materially lessened by the removal of much of the incoming freight by the consignees.

Plans for the lighting of the channel entrance to Pearl Harbor with an outlay of about \$50,000 have been approved by the Washington authorities. The present temporary buoys are to be replaced by the very latest modern equipment.

The treasury department has recommended to congress that a lighthouse depot to cost \$90,000 be built on Sand Island, adjoining the present lighthouse area. News to this effect was conveyed to A. E. Arledge, the inspector of the Hawaiian lighthouse department, by an Associated Press cablegram received yesterday afternoon.

STAR-BULLETIN REPORTER WINS 2ND LIEUTENANCY

George Armitage Among Those
Known Here Commissioned
at Presidio Camp

George Armitage, former reporter on the Star-Bulletin, has won a commission as second lieutenant in the Presidio training camp, according to news received here. Armitage's home is in Montana. He came to Hawaii to join the Star-Bulletin staff, and after a year worked his way on one of the seized German steamers to the coast to get the experience, succeeded in entering the training camp and has come out with flying colors.

The list of successful candidates at the Presidio contains the names of a number well known here. Frederick W. Wichman, son of H. F. Wichman, emerges with a fine record and a first lieutenant in the field artillery. Roscoe Fawcett, sporting editor of the Portland Oregonian, who was here with the Portland baseball team last spring, won a first lieutenant in the non-flying branch of the signal corps. Alexis B. Luce, who spent some time here as one of the members of a theatrical stock company, has a commission as second lieutenant in infantry.
